

DISCLOSURE STATEMENT

NOTICE: Successful completion of the Counseling Psychology program (“Program”) at the University of Iowa requires satisfactory participation in practicum sites affiliated with the Program. Additionally, successful completion requires satisfactory completion of a predoctoral internship. Many of these sites now require criminal background checks of all students participating in clinical training. To aid the Program faculty in their admissions decision, we are asking you to disclose information about yourself. The questions we ask you to respond to are listed below. We must add that if you fail to disclose information now and a background check precludes you from participating in any practicum site and/or internship, you will be terminated from the Program immediately.

Please fully address the questions below. You may use the reverse side of this page for your answers.

1. Have you ever been convicted of a crime (including citations for city ordinances and minor crimes but not including minor traffic violations not involving alcohol or an illegal substance)? This includes felonies (serious crimes) and misdemeanors (lesser crimes, including but not limited to, public intoxication; possession of illegal substances; or possession of alcohol under the legal age, known as “PAULA”).
2. Has disciplinary action, in writing, of any sort ever been taken against you by a supervisor, educational or training institution, health care institution, professional association, or licensing/certification board?
3. Are there any current complaints about you from any of the boards or institutions from question 2?
4. Have you ever been suspended, terminated, or asked to resign from previous employment?

If the answer to any of the above questions is Yes, please explain fully the circumstances for each instance.

In signing this document, I certify that the above information I am providing is true and accurate.
